S&W SPORTS & CNHBC

Back to School Bike Swap

July 30th, 2022

Throughout the year, CNHBC hosts events to help put more people on bikes more often. We also work around the clock to advocate for bike safety through policies and local infrastructure. We have teamed up with Bike Walk Alliance of NH, community organizations, police departments, and government agencies, to continue to make New Hampshire bike friendly and safe for its residents and visitors. Help us continue to get more people on bikes more often by joining us and coming to our events.

How the Swap Works:

Anyone can participate in the swap, whether you are looking to buy, sell, or both! On the consignment drop off dates bring your safe rideable bike to S&W Sports. You can choose to take the selling value as 100% in-store credit at S&W Sports, or in the form of a check with 25% of the selling price donated to CNHBC.

If you are shopping for a bike at the swap come by between the hours of 9am and 5pm on Saturday, July 30th.

If you dropped a bike off come by the shop on Sunday or Monday to receive your credit, or pick up your unsold bike.

Please note we will not accept department store bikes or any unsafe and un-ridable bikes but we can take bikes on donation to be used for future projects.

What's Happening Up North?

Winnepesaukee River Trail

Interested in taking a walk or bike ride on a scenic historic trail close to the downtowns of the twin rivers area, yet with the feel of wilderness. A 3 mile trail parallels the Winnepesaukee river and passes the historic Sulphite upside down covered bridge believed to be the only one in the country and listed on the national register of historic places. You will also view mill ruins and remaining portions of dams that tell the history of the 5 mills that operated on this river in the mid 19th century. You will overlook the Winnepesaukee river where at any time you may see a kayaker navigating what is becoming a popular kayak spot as the river drops 80 feet in elevation in a little over 4000 feet as it passes through a spectacular gorge. The trail is open to all non-motorized users and runs from the historic railroad trestle in Franklin to the Surratt battery property just off Park Street in Northfield. In that area you can also view the collection of antique rail cars and cabooses that operate on the local scenic railway.

Win A Reason To Go North

Enter July 14 12:00AM through July 27, 11:59PM. Drawing Thursday July 28. Winner notified by Email. See website for details.

Zoning Ordinance Draft

The latest draft of the City of Concord's new Zoning Ordinance has been released and is ready for public review at concord-next.info/zoning-ordinance-draft-july-2022. The revised draft is based on public and staff comments. More information: Zoning Ordinance Draft (July 2022) – ConcordNEXT – A new approach to Concord zoning regulation.

Recycling Bin Supply Shortage

City of Concord recycling bins are temporarily out of stock as of July 13, 2022, and are unavailable at our office at this time. Unfortunately, there has been a shortage in supply from our vendor and we have been unable to receive a new order for additional bins for some time. We anticipate for recycling bins to hopefully be restocked in some capacity by the end of August.

Residents are not required to use city bins for recycling and can use any rigid container or barrel. Please make sure non-city bins are labeled for recycling to ensure proper collection at the curb.

Please call our office near the end of August at 603-228-2737 or visit concordnh.gov/generalservices to inquire about the status

of bins if you are interested in receiving one. We apologize for any inconvenience and appreciate your understanding as we patiently wait to receive our next shipment.

Drought conditions

The U.S. Drought Monitor has released new drought data on Thursday from July 12. As of Tuesday, drought conditions intensified for the Northeast and New Hampshire, with 96.59% of New Hampshire (including Concord) experiencing moderate drought and 3.41% of southern areas now experiencing severe drought. This data does not include the recent rainstorm received on Tuesday or additional precipitation since. It's typical for water consumption to increase this time of year due to outdoor water use and irrigation. Water production at the City's Water Treatment Facility has increased slightly this week with the average now at 5.6 MGD. Water consumption spiked up to 6.0 MGD Sunday through Tuesday and dropped back down once the rain came, but we encourage everyone to be mindful of their water use to maintain consumption levels. Drought conditions will continue to be monitored and updates will be provided. Updates and water conservation tips can be found at concordnh.gov/conservation.

Everett Arena Roller Skating

Roller skating is available for a limited time at the Douglas N. Everett Arena through July 31. Hours are Wednesday, Thursday, Friday, and Sunday nights from 6 to 9 p.m. Admission is \$5. Skate rentals are available if needed for an additional \$5 at the Everett Arena Pro Shop.

Book a private roller skating event for a birthday party, field trip, or rainout event. Private events only cost \$150 an hour. Call

(603) 228-2784 or email evrettarena@concordnh.gov if interested. Find more information at concordnh.gov/rollerskating.

Movies in the Park

Please note that the July 14 Movie in the Park was moved due to weather. The new date is July 27. You can watch "Dirty Rotten Scoundrels" in July and "Bring It On" on Aug. 5. All movies are held in Memorial Field at dusk. Admission is free.

Spotlight on the Cemetery Division

The Cemetery Division is responsible for the operational needs of Concord's 13 cemeteries. Many of our cemeteries date back to the 1800s, but the city's oldest cemetery is Old North, which was established in 1750. Old Fort is the second oldest, having been established in 1775.

The Cemetery Division relies on several community organizations and individuals to help get ready for Memorial Day, Veterans

history

July 21, 1857: *The Coos Republican* reports that Joseph Roby, 23, of Clarksville is struck and killed by a bolt of lightning while sitting in his house. "His cap and boots were torn in pieces, but no mark was found upon his person. Several individuals were in the house at the time, but none of the rest were injured materially."

July 21, 1861: Col. Gilman Marston of the Second New Hampshire Volunteers is shot in the shoulder at Second Bull Run. The wound is bandaged, and he returns to command his men in the field. He will refuse amputation of his arm, heal and become a brigadier general. In quieter times during the early part of the war, he will attend to his other job: congressman from New Hampshire's 1st District.

July 21, 1774: The first Provincial Congress meets in Exeter and chooses dele-

gates to the Continental Congress. The purpose of the congress is to devise and adopt measures to "extricate the Colonies from their present Difficulties, to secure and perpetuate their Rights" and to restore peace "between the Parent Country and her Colonies."

July 21, 1892: The Snowshoe Club, one of Concord's many men's organizations, is founded. Its objects are "enjoyment of the beauties of nature; moral and social improvement; physical culture."

July 22, 2003: Manuel Gehring, the Concord man accused of murdering his children, Sarah, 14, and Philip, 11, returns to Concord on a small jet after spending a week somewhere in the Midwest.

July 22, 1862: A meeting is held in Concord in response to President Lincoln's call for 300,000 new volunteers throughout the

Union states. The city decides it will put up a \$50 bounty, in addition to state and federal bounties, for any Concord man who will enlist.

July 22, 1880: After a harsh 10-year reign as prison warden, John C. Pilsbury is cleared of charges of abuse and brutality. "The discipline of our prison is indeed strict," Pilsbury says, "(but) I am satisfied it is none too severe for the good of the convicts." Though exonerated, the 78-year-old Pilsbury will soon resign.

July 23, 2002: A Roman Catholic priest files a lawsuit accusing Bishop John McCormack of waging a campaign to keep him silent about the discovery of a dead priest's child pornography collection. The Rev. Seamus McCormack sued the Diocese of Manchester, McCormack and other church officials, saying they derailed his career to avoid scandal.

July 23, 1927: Col. Charles A. Lindbergh, who is scheduled to arrive in Concord two days from now on his triumphant tour around the country, lands at Concord airport. The reason: the airport in Portland, Maine, his scheduled stop, is fogged in.

July 24, 2003: Manuel Gehring, the Concord man accused of fatally shooting his children, Sarah and Philip, pleads not guilty on two counts of first-degree murder in Hillsborough County Superior Court.

July 24, 1777: Named brigadier general only a week earlier, Gen. John Stark has raised a force of 1,492 men.

July 25, 1986: Gov. John Sununu announces that he has formed a 15-member panel to determine whether a nuclear disaster similar to one at Chernobyl in the Soviet Union could happen at the Seabrook nuclear plant.

July 25, 1927: A police squad of six officers enters the home of Ruth A. McKinnon on Runnels Road in Penacook. The officers arrest MacKinnon and confiscate 106 bottles of beer, empty pint and quart bottles and a capping machine. MacKinnon will be fined \$100 and \$41.10 in court costs and sentenced to 60 days in the house of corrections in Boscawen, but the sentence will be suspended. With her arrest, the police believe they have cut off the supply of liquor to this portion of Merrimack County.

July 26, 1970: The Associated Press reports that Mel Bolden's campaign for the Executive Council makes him "the first Negro to seek the seat."

July 26, 2000: About 25 people show up at Franklin City Hall to watch the night's episode of *Survivor*. Unfortunately for her fans, local hero Jenna Lewis is voted off the island.

Spooktacular

Do you like scary movies? Have you ever wondered why?

Nina Nesseth visits Gibson's Bookstore virtually on July 27 at 7 p.m. to present *Nightmare Fuel: The Science of Horror Films*, a pop-science look at fear, how and why horror films get under our skin, and why we keep coming back for more. Nina will be in conversation with Gibson's own Queen of Scream, Ryan, to talk about the movies that make our skin crawl and delight our brains, and why that happens.

Nina Nesseth knows what scares you. She also knows why.

In *Nightmare Fuel*, Nesseth explores the strange and often unexpected science of fear through the lenses of psychology and physiology. How do horror films get under our skin? What about them keeps us up at night, even days later?

And why do we keep coming back for more?

Horror films promise an experience: fear. From monsters that hide in plain sight to tension-building scores, every aspect of a horror film is crafted to make your skin crawl. But how exactly do filmmakers pull this off? The truth is, there's more to it than just loud noises and creepy images.

With the affection of a true horror fan and the critical analysis of a scientist, Nesseth explains how audiences engage horror with both their brains and bodies, and teases apart the elements that make horror films tick. *Nightmare Fuel* covers everything from jump scares to creature features, serial killers to the undead, and the fears that stick around to those that fade over time.

Also, on July 26 at 6:30 p.m., Gibson's welcomes N.H. author Linda Reilly to the store to present her newest cozy mystery, *No*

Parm No Foul. It's Halloween in Balsam Dell which means the Halloween food competition is right around the corner. Carly Hale's Grilled Cheese Eatery is hoping to impress the town with its cheesy treats, but when the dead body of her rival, Sub-a-Dub-Subs owner Ferris Menard, is found stabbed the morning after the competition, all fingers — and steak knives — are pointed at Carly. Now, she must find the real culprit before someone else is grilled!

For more information, visit gibsonsbookstore.com.

Mountain memoir

Mary Ellen Humphrey returns to New Hampshire to hike Mt Major for her 70th birthday and to visit Gibson's Bookstore on July 28 at 6:30 p.m. Her book, *My Mountain Friend: Wandering & Pondering Mount Major*, is a memoir about hiking Mt Major over 1,000 times. In this book, former

state Sen. Humphrey shares her story of how this hiking trail changed her perspective and helped her make sense of life's challenges.

Can't make this event? Order a copy of *My Mountain Friend* before the event, and we'll be happy to have it signed for you!

The Christmas Bookshop

By Jenny Colgan
(310 pages, fiction, 2021)

Carmen, a young woman in Scotland, is laid off from her department store job. She isn't finding another job on her own, so her mother comes up with a plan. Carmen can help her "perfect" sister Sofia. Sofia is a successful lawyer, married, with three children and one on the way. Sofia has a client who will lose his bookshop if he doesn't make money before Christmas. And so Carmen is drafted to help. Carmen is not a reader, but she is good at retail. And Sofia hopes that Carmen can help her with the children sometimes. Sofia's nanny Skylar is needing more and more time for school and self-care.

Carmen is very dubious about the whole arrangement. The children aren't sure about Carmen, either. Carmen is annoyed that she has to sleep in a room in the basement instead of in the guest room. And then there's eccentric Mr. McCredie who owns the bookshop but doesn't seem to want to sell any books. A fabulously wealthy and attractive author and a gentle scholar appear as love interests for Carmen. And did I mention that the story takes place in Edinburgh at Christmastime? And it is

funny! I wanted a light, funny book. For example - Carmen sees in the children at breakfast time soon after she arrives and notices that young Phoebe is looking bleary-eyed. "Her hair stuck straight out and she wore a menacing expression that in someone slightly older would have inspired Carmen to bring her a coffee." I really enjoyed Carmen, the main character and how she stumbles along, trying to find her way in her new job, living in a new city with her sister's family.

If you need a funny book with great characters, I recommend Jenny Colgan. Her books are light-hearted, but there can be some serious subjects in them, too. *The Christmas Bookshop* was just what I wanted to read right now.

Independent Third Party Lab Testing:
We manufacture and sell superior, high quality CBD products. We are not scared to have an unbiased, outside source verify that for our customers! We include the product name, the MG-Batch Code and photo of product at the lab - Correct Potency-Pesticide Free-Solvent Free-Heavy Metal Free-Mold / Microbial Free always!

Manufacturing and Extraction Process:
SunMed sources organically grown hemp from Colorado which has been certified by the Department of Agriculture and uses a CO₂ extraction process, which eliminates the need for chemical solvents.
